

ACCEPTABLE USE POLICY FOR PUPILS

Our computers have internet access to help our learning.

These rules will help keep us and our computer equipment safe.

- I will use the computers safely at all times.
- I understand that I am responsible for my own actions. I am aware that there is E-Safety software in school which constantly checks computer files and monitors the internet sites I visit.
- Every time I use the computer, I will log on using the username and password that my teacher has told me to use (class account or individual account). I will keep the password a secret. I will fill in the class computer log, stating what computer I use, what time I logged on and the time I logged off.
- I will make sure that I log off the computer when I am finished using it. If I have to leave the computer, I will lock the computer to prevent others from using my account by pressing 'Ctrl, Alt and Delete'.
- I will not use other children's/teacher's accounts or files. I will respect copyright and not copy anyone's work and call it my own.
- If I find an unattended machine logged on under another username, I will not continue using the machine – I will log it off immediately.
- I will only use programs that are already on the school computer/notebook/I-Pod/I-Pad. If I need a new program, I will ask my teacher – I won't try to install it myself!
- I will not bring in software from home and try to use it on the school computers, tablets, laptops, Notebooks, Wii or Nintendo DS etc.
- If I have a problem with the computer, Notebook, I-Pod or I-Pad, I will tell a teacher immediately so that the problem can be fixed – I won't leave it broken for the next person.
- To help protect other pupils and myself, I will immediately tell a teacher about any unpleasant or inappropriate material or messages on the computer/notebook/I-Pad or anything that makes me feel uncomfortable when I see it.
- I understand that the computers/laptops/notebooks/I-Pads are here for schoolwork, and I will only play appropriate games on them if I have permission from my teacher.
- I will only take appropriate photographs or videos using school equipment (e.g., cameras/I-Pads/DS/videos etc) when my teacher gives me permission.
- I will not take photographs or videos without the teacher's permission. Photographs or videos taken on personal equipment (e.g., DSI, mobile phones etc) brought in from home is forbidden.
- I will only upload school photographs or videos onto our class computer if my teacher gives me permission.
- I will not copy or attempt to copy school photographs or videos onto a USB stick/Blank CD and use them outside of school.
- I will not upload or attempt to upload photographs or videos of pupils or teachers within school onto the Internet unless given permission by my teacher when part of an educational lesson.
- I will not download or attempt to download software, music, or videos from the internet (e.g., I Tunes) onto our school computers.

- I will not send personal emails while in school. Sending emails and texts on personal equipment (e.g., mobile phones) is forbidden!
- When sending e-mails, I will be supervised by my teacher. I will only send e-mails to familiar people or schools with permission from my teacher when part of an educational lesson. All e-mails will be checked by a teacher before it is sent. I will be polite and responsible when sending e-mail and I will not forward any chain letters.
- I will be aware of my personal safety when I am communicating online, and I will not share personal information about myself or others.
- I am not allowed to access social networks or chat rooms.
- I will not give my full name, my home address or telephone number to anyone on the Internet or in any e-mail or arrange to meet anyone out of school.
- I will always treat others the same way I would want them to treat me – just as I would when not using the computers. I will not use the computers to harass or bully anyone.
- I will not bring mobile phones into school.
- I can bring game consoles into school if my teacher gives me permission to do so. When bringing game consoles into school, I must hand it into the office in the morning when entering school and I can collect it from the office at home time. I can use my game console when my teacher gives me permission. I will be supervised by an adult when I am using game consoles in school.
